

The Parenting Center & Elementary PTAs invite you to attend ~

Parents as Partners

K-2 Curriculum Overview

Agenda:

Overview of the Curriculum

by **Susan Grierson**, Assistant Superintendent of Curriculum and Instruction

Workshops:

K-2 Numeracy and Problem Solving

Presenters: Patrice Massung, Jaclyn Raviola, Stephanie Rotondo, Katie Costello

Experience teachers' methods for teaching numeracy and problem solving. Learn how numeracy and problem solving are aligned with the Common Core Standards, learning in grades 3-5, and algebraic reasoning.

Fostering a Love for Reading and Writing in the Classroom and at Home

Learn how our curriculum's alignment to the common core promotes students development as readers and writers and what you can do at home to support your child's academic progress.

Presenters:

Kindergarten- Rachel Potts

1-2 grade - Courtney DeVomecourt

The evening begins with a brief overview of the District's Language Arts & Mathematics Curriculum, and an introduction to the new Partnership for Assessment of Readiness for College and Career (PARCC) . Smaller group workshops follow, providing an opportunity to learn about the curriculum and how parents and guardians can better understand and support their children's academic experiences.

Tuesday, October 14, 2014 • 7:30 pm

Marshall Elementary School

262 Grove Road • South Orange, NJ
