Science labs and study halls will not meet during the exam days. Students are encouraged to use that time to prepare/study for exams. Students are also not required to report to school for their lunch period. If students choose to come to school during their lunch period or study hall period, they will be required to remain in the cafeteria to study quietly. In the event that a student has three major exams on the same day, the student may request permission to schedule one of the exams on an alternate day. Such arrangements must be completed with the teacher before Friday, January 16<sup>th</sup>.

The 10 minute passing time between exams is designed to permit students to use the restroom or go to their lockers, if necessary.

Students who are absent from an exam must present a written excuse from a parent or guardian to their dean in order to have their absence excused. The dean's office is located in room A-241. The student is then responsible for contacting the teacher to schedule a make-up exam.
