Education Summit

Join us for a community-wide dialogue to help create our District's Strategic Plan!

The evening will begin in the auditorium with Superintendent Dr. John J. Ramos, Sr., sharing how the Summit will inform the District's Strategic Planning Process. Participants will then choose an issue to discuss in a smaller group session. These facilitated groups will discuss priorities and possible actions to move that issue forward. The data collected in these small groups will later be used to develop our District's Strategic Plan.

Help Chart the Future of SOMSD! Every Voice Matters!

Topics will include:

- Innovative Approaches to Learning
- The Achievement Gap
- Future of Seth Boyden
- Gifted & Talented
- School Safety
- Special Education
- And More...

Let's Talk!
