Ruby Bridges

A SIMPLE ACT OF COURAGE

"Though I didn't know it then, nor would I come to realize it for many years, what transpired in the fall of 1960 in New Orleans would forever change my life and help shape a nation. When I think back on that time and all that has occurred since, I realize a lot has changed. I also know there is much more to be done. That fateful walk to school began a journey, and we must all work together to continue moving forward." — Ruby Bridges

Ruby Bridges is a civil rights era icon known for being the first black child to attend an all-white elementary school in the South. This American activist has spent her life working for social justice.
