\*limited supply

#### Payments are due as follows:

**Deposit:** \$100                      **Due upon sign up**

**Final balance:** Due April 30, 2016

#### Method of Payment:

Checks payable to **School Lunch Organic Farm**

**Shareholder Agreement:** All members must pay in full before first pick-up. I understand that by signing up to become a CSA member, I will have to pay for my share in advance of the growing season. I understand that although the grower is committed to the best of her ability to provide high-quality produce, there are risks in agriculture which need to be shared by the whole community and may be reflected in the yields of certain crops. I understand that my membership payment entitles me to a weekly share of produce harvested from School Lunch Farms CSA during the 2016 growing season.

## Community Supported Agriculture Program

By joining our CSA, you are supporting local food security, food quality, and earth-friendly farming practices. CSA shareholders pay for shares in advance, enabling the farmer to buy the necessary seeds and equipment and carefully plan for the upcoming season. This results in greater efficiency and less waste.

## Educating children about healthy food

School Lunch Organic Farm hosts a variety of programs to educate children and adults about healthy eating, sustainable agriculture, and the natural world. Community, school, and scouting groups can use the rich resources of the farm to extend their members' learning beyond the classroom and kitchen.

## Feeding those in need

At School Lunch Organic Farm we believe everyone has the right to fresh, wholesome food. Over the last 4 seasons we have been able to donate thousands of pounds of vegetables to the Mount Olive Food Pantry, Hackettstown Food Pantry, and Grace Episcopal Soup Kitchen.

School Lunch Organic Farm is proud to help meet the nutritional needs of local families.

## 100% Certified Organic and GMO-Free Farm

School Lunch Farm & CSA is a 100% Certified Organic and GMO-Free Farm offering a weekly share of organic produce for 22 weeks. Your share is harvested the day you pick it up—so your veggies are super fresh. We grow over 100 varieties of organic vegetables, fruit, herbs, and flowers, with 10-18 types of produce available on any given week. 100% of our produce is grown from seed on our farm.

Your share is harvested the day you pick it up—so your veggies are super fresh. Shareholders are welcome to volunteer at the farm, hike our woodlands, and visit our four-acre pond.
