June 20, 2016 - 8:30 to 10:30 pm

June 6, 2016 - 2:30 to 5:00 pm

Atkins Kent Building
101 Old Short Hills Road, Suite 401
West Orange, New Jersey 07052

Skin cancer is the most common form of cancer in the United States. Based on current statistics from the American Cancer Society, more than 1 million cases of skin cancer are diagnosed yearly in the United States but if detected early, most skin cancers can be successfully treated. All are welcome and encouraged to attend, especially those with abnormal-looking or changing moles.

For further information and to register, please call The Barnabas Health LINK at 1.888.724.7123. Please leave a home and cell number when registering.

For general questions about this upcoming skin cancer screening, please call Moira Davis, RN, at 973.322.6515.
