

# Diabetes: Don't Sugar Coat It

**Monday, November 7, 2016**

Winchester Gardens

Auditorium

333 Elmwood Ave

Maplewood

**2:30pm**

Join **Samuel Reveron**, PharmD, BCPS, the Ambulatory Care clinical Pharmacist for the Internal Medicine Faculty (IMFP) at Saint Barnabas Medical Center, for this informative program.

Samuel is responsible for managing an anticoagulation monitoring service as well as a Diabetes and Pre-Diabetes education and management service. The IMFP offers a Medication Therapy Management service giving patients the opportunity to have their medications reviewed for potential dose optimization, adjustment, assessment for duplication of therapy to avoid adverse drug effects.

Samuel is a passionate member of the pharmacy team who feels strongly about community education as a tool for health care improvement.
