

# YOUTH IN ACTION NIGHT

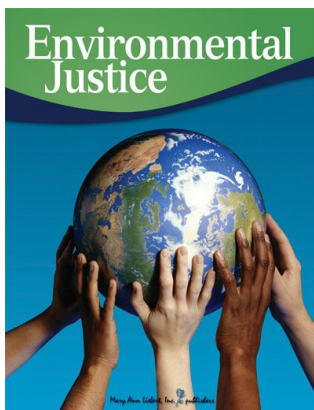

Hosted by SOMS/MMS Students for Social Change Club

**Date: Wed, April 5th**

**Time: 4-6pm**

**Where: South Orange Middle School Auditorium**

**Cost: Free!**

## ABOUT THE NIGHT:

Join us for a night of **social justice** led by the youth in our community! Members of South Orange Middle School and Maplewood Middle School's **Students for Social Change** will present their action-research projects.

They will present how they as **6-8th graders** have been working for **racial justice, environmental justice, gender equality, improving the effectiveness of school, and LGBTQ+ rights!**

Our youth have worked diligently since September engaging with **quantitative and qualitative research**, conducting **interviews**, and searching for **action-based solutions** to make a difference in the world around them.

See all of their hard work and passion come to life as they prepare to present at **Rutgers Youth Participatory Action Research Symposium** in May.

**All members of the community are welcome and encouraged to attend!**
