

A MESSAGE FROM James A Manno, Supervisor of the Fine & Performing Arts

Although we were not able to gather together this year for the many Spring concerts, exhibitions and shows, the South Orange Maplewood School District's Fine & Performing Arts Department was dedicated to providing an annual venue for the various forms of visual and performing arts programs that exist in our schools.

It was important for us to share uplifting creative works with the wonderful community we serve!

Please explore the various elementary, middle and high school links!

We hope that you enjoy the works provided by some of our young artists under the guidance of our very talented and committed K-12 staff of arts educators.
