

Settlement Agreement and Release

Whereas, the Black Parents Workshop ("BPW") and other plaintiffs (collectively referred to as "Plaintiffs") commenced an action in the United State District Court for the District of New Jersey against The South Orange Maplewood School District ("the District) and other defendants (collectively referred to as "Defendants"), entitled *Black Parents Workshop v. The South Orange Maplewood School District*, Case 2:18-cv-02726 ("the Action"); and

Whereas, BPW has raised concerns regarding racial access, equity and integration in the District; and

Whereas, the South Orange Maplewood Board of Education shares many of those concerns; and

Whereas, the District, prior to and during the pendency of the Action, has undertaken steps to address these concerns including but not limited to developing a comprehensive equity plan and eliminating leveling in course enrollment; and

Whereas, BPW and the District agree that additional measures are necessary to achieve satisfactory racial access, equity and integration; and

Whereas, the parties have amicably resolved their differences and desire to memorialize a settlement of the Action;

It is Now, Therefore, Agreed as follows:

1. The Action will be dismissed with prejudice on the terms set forth herein.

2. Plaintiffs acknowledge that the District has already engaged Dr. Edward Fergus ("Fergus"), a nationally renowned consultant, to assist with formulating plans to promote racial equality of educational opportunity in the District. It is agreed that Fergus will evaluate and assess the specific needs of the District regarding supplemental program to remediate the effects of tracking and leveling on African-American and other disproportionately affected groups of students.

3. Fergus shall make recommendations to the District on further improvement of a comprehensive equity plan that will detail:

a. How Black elementary and middle school students will be assisted in preparing for advanced-level study at Columbia High School

b. How current Black Columbia High School students enrolled in advanced-level courses will be supported through tutoring and enrichment, and programs that will address issues of proficiency, student trauma and effective study habits.

c. How current Black Columbia High School students not enrolled in advanced-level courses will be supported and encouraged to enroll in these courses, and what programs and services will be offered this student population.

d. How elementary schools will be integrated, specifically: the manner in which the student population will be

redistributed, the method of redistribution, the racial balance the district seeks to achieve across elementary schools, and the timeline for achieving full and complete integration.

Prior to finalization of Fergus's assessment and recommendation, designated representatives of BPW will be afforded the opportunity to meet with him to offer input for his consideration. The District will give due consideration to Fergus's assessment and recommendation, will implement the recommended programming and will commit sufficient financial resources to effectuate the identified programming; provided, that if the District has an articulable reason why a particular recommendation is not feasible or necessary it will consult with designated representatives of BPW to reach an amicable resolution. If such a resolution cannot be reached, either party may apply to the Court for a judicial determination of whether the disputed recommendation is necessary to accomplish the overall objectives identified in this Settlement Agreement. For purposes of this Settlement Agreement, Fergus's recommendations, once finalized, shall be referred to as "the Fergus Plan."

4. The District will update its written integration plan ("the Integration Plan") setting forth how integration is to be accomplished and which includes specific goals and timetables for completion.

5. The District consents to monitoring of the implementation of the Fergus Plan and the Integration Plan set forth in paragraphs three (3) and four (4) by John E. Wallace, Jr., Esq. ("Wallace"). The District shall make available to Wallace such documentation and data as are reasonably necessary at mutually agreed upon intervals to

determine achievement of the goals, and compliance with the timetables, in both Plans. Wallace shall have no self-executing authority to direct any actions by the District; however, he may make non-binding recommendations to the District regarding implementation of both Plans. Within ninety (90) days of the execution of this Agreement, the monitor will develop a monitoring plan, including proposed plans for conducting assessments, compliance reviews and audits. The plan will:

- a. clearly delineate the requirements of the Agreement to be assessed for compliance;
- b. establish a schedule for assessing each outcome measure;
- c. establish a schedule for completing a compliance review or audit of each requirement of the Agreement for the three (3) school years immediately following the execution of this Settlement Agreement;.
- d. set forth the method for communicating with the parties.

6. The monitor is not a state or local agency, or an agent thereof, and accordingly the records maintained by the monitor will not be deemed government records subject to public inspection pursuant to the Open Public Records Act. In the event the monitor receives an Open Public Records Act or other right-to-access request, the monitor will notify and confer with the Parties regarding how to respond to the request. Any reports or findings of Wallace may be evidential in any proceeding to enforce this Settlement Agreement. Wallace's engagement as monitor shall terminate at the conclusion of the third

school year following the execution of this Settlement Agreement, or sooner if Wallace certifies that the District has achieved the goals and adhered to the timetables in both Plans; provided, that Wallace's engagement may be extended should a Court, on application brought by Plaintiffs prior to expiration of the monitor's term, find the District to be in material non-compliance with the terms of this Settlement Agreement.

7. The District will provide verification from the New Jersey Department of Education ("NJDOE") that the District Amistad curriculum completely aligns with NJDOE standards at all applicable grade levels.

8. By January 31st of each year, the District will prepare a written report of course enrollments by race and gender for all courses in grades 6-8 and 9-12 for each specific school and, to the extent permitted by federal and state student data privacy laws concerning data de-identification, will publicize the report on the District website and through social media. This obligation shall remain in effect for three school years following the expiration of the monitor's term, or following the monitor's certification of compliance as set forth in paragraph six (6), whichever comes first.

9. The District will release a monthly written report of data on student suspensions (in-school or out-of-school) or expulsions by race, gender and school and, to the extent permitted by federal and state data privacy laws concerning data de-identification, will publicize the report on the District website and through social media.

This obligation shall remain in effect for three school years following the expiration of the monitor's term, or following the monitor's certification of compliance as set forth in paragraph six (6), whichever comes first.

10. The District has created the position of Assistant Superintendent of Equity and Access whose job responsibilities will include, in addition to those set forth in the original job description, overseeing and reporting progress, and reporting to the Board of Education and to the public regarding the District's progress in meeting the terms of this Settlement Agreement.

11. Within constitutional and other legal constraints, the District will enhance its efforts to identify qualified minority candidates for teaching positions in the District, and will work collaboratively with BPW to establish a relationship with Historically Black Colleges and Universities to identify candidates for employment opportunities in the District.

12. The District agrees to continue to improve implementation of the Attendance and Credit Recovery processes.

The Defendants specifically deny any wrongful action or conduct and are settling this case solely to avoid the cost and uncertainty of litigation.
