I INTRODUCTION

The following study has been prepared for the Township of Maplewood Planning Board to determine whether one or more properties identified on the Township's official tax maps as Block 12.02, Lots 100, 100.01, 169, 173, 174, 175, 175.01 and 176 (hereafter referred to as the "study area") qualifies as a "non-condemnation area in need of redevelopment" as defined under the Local Redevelopment and Housing Law (LRHL) at N.J.S.A. 40A:12A.

The Township Committee of the Township of Maplewood authorized and directed the Planning Board to conduct this study by Resolution No. 88-23, adopted March 7, 2023 (see Appendix).

In preparation of the study, Phillips Preiss Grygiel Leheny Hughes LLC ("Phillips Preiss") reviewed the following records and documents:

- 2004 Maplewood Master Plan
- 2011 Master Plan Reexamination Report
- 2023 Maplewood Master Plan
- Zoning map and ordinances of the Township of Maplewood
- Tax maps of the Township of Maplewood
- Tax records and ownership information for the parcels comprising the study area
- Responses to requests for information from Township departments from the past five years
- New Jersey Department of Environmental Protection records
- Aerial photographs of the study area

A request was made to the Township of Maplewood for information about the study area from the past five years, including tax records, police reports, violations, permits and planning/zoning board applications and approvals. The results of these records are provided in Chapter V and in the Appendix.

In addition, Phillips Preiss physically inspected the study area on February 24, 2023 and April 28, 2023. Photographs of the study area properties are included in the Appendix.

The remainder of this report is divided into five chapters. Chapter II provides a brief description of the study area and its locational context. Chapter III provides an analysis of the applicable master plan and zoning designations for the study area. Chapter IV discusses the qualifying criteria set forth at N.J.S.A. 40A:12A-5 for an "area in need of redevelopment" determination. Chapter V describes the properties in detail and applies the criteria to the study area to determine whether or not an area in need of redevelopment determination is warranted. Chapter VI summarizes the overall conclusions of the report.

II STUDY AREA LOCATIONAL CONTEXT

The area under consideration for redevelopment area designation consists of 8 tax parcels on a single block in the central portion of the Township of Maplewood. The study area block is enclosed by Maplewood Avenue, Inwood Place, Woodland Road and Durand Road. The Street address and ownership information for the parcels which comprise the study area are shown in **Table 1** below.

Table 1: Study Area Properties

Block	Lot	Owner	Street Address	Year Built	Prop. Class	Area (Acres)

TOTAL						±2.68

Source: Township Tax Maps, Essex County Property Assessment Search Hub (most recently accessed 4/20/23)

The study area is located in Maplewood Village, the Township's traditional downtown, which contains a mix of commercial, residential and public land uses. The Maplewood Village Historic District was listed in the National and New Jersey Registers of Historic Places in 2022. Surrounding land uses include commercial, residential and mixed-use buildings to the south and west and single-family residential neighborhoods to the north and east. Ricalton Square park, Maplewood station on New Jersey Transit's Morris and Essex Lines and a public parking lot are located to the southeast of the study area.

The study area's locational context within Maplewood is shown on **Figure 1: Study Area Location**. A map showing the study area tax lots is included in **Figure 2: Tax Map**. The study area's setting in the immediate surrounding area is shown on **Figure 3: Aerial Context**.

The study area consists of a mix of commercial, and cultural properties. The individual study area properties are described in more detail in Chapter V.

III EXISTING ZONING AND MASTER PLAN DESIGNATIONS FOR THE STUDY AREA

A. Zoning

The study area is located in two zone districts, the RB Retail Business and R-1-7 Residential 1-Family 7,000 square foot zones. The northern section of the study area, Lots 100, 100.01, 169, and 175.01, are within the R-1-7 zone. The southern section of the study area, Lots 173, 174, 175, and 176 are located within the RB zone. See **Figure 4: Existing Zoning**. In addition, two of the parcels in the study area (Lots 100 and 169) qualify as “transitional lots” as described below.

RB Retail Business District

The RB zone permits the following principal uses:

- Retail Businesses, not including thrift shops, pawnshops and check-cashing establishments
- Financial institutions
- Restaurants, but not including fast-food restaurants
- Dwelling units over stores
- Offices, but not the street level or lower

Permitted **accessory uses** in the RB zone include:

- Garages
- Sheds
- Fences not over six feet in height in the side or rear yards only
- Radio antennas
- Receiving dish antennas
- Solar collectors
- Other uses customarily associated with the permitted uses, provided that such uses are subordinate to the principal use and serve only the principal use

Permitted **conditional uses** in the RB zone are as follows:

- Off-street parking lots
- Automobile service stations
- Fueling stations
- Houses of worship or other places of public assembly

Additional requirements for the RB zone include:

- On-site parking is not required generally, however, specific circumstances may differ, details can be found at § 271-70 A(5)(a), § 271-50.J(14), § 271-50.K, and § 271-50.
- Outdoor storage of goods, wares, merchandise or other material shall be regulated by those ordinances of the Township of Maplewood which govern used motor vehicles

dealers; the storage, display or sale of new motor vehicles other than in a building; and gasoline selling or service stations and public garages

- Additional building coverage can be achieved as a bonus for undertaking street or sidewalk beautification projects. The amount of the bonus shall be related to the extent of the beautification project undertaken, but in any event it shall not increase the allowable building coverage by more than 10% (i.e. a maximum of 88%)

The minimum lot area in the RB zone is 2,500 square feet, with a minimum lot width of 25 feet. Front yards and side yards are not required except in transitional lots where the minimum dimensions are 50% of that required in the district in which the transitional lot is located, and 15 feet, respectively. Rear yard setbacks of 15 feet are required. Maximum building coverage is 80 percent, and allowed lot coverage is 100 percent. Building heights are limited to 50 feet, and every foot above 30 feet is required to step back 1 foot for every foot in height.

R-1-7 Residential 1-Family 7,000 Sq. Ft.

The R-1-7 zone permits the following **principal uses**:

- Single-family dwellings
- Clerical work in connection with an occupation for which the resident or residents have established offices elsewhere; the providing of lessons in music, art or similar fields

Permitted **accessory uses** in the R-1-7 zone are as follows:

- Private garages
- Sheds
- Fences not over four feet in height in side or rear yard only (see § 271-43)
- Swimming Pools
- Radio Antennas
- Receiving dish antennas
- Solar collectors
- Other uses customarily associated with single-family dwellings, provided that such accessory uses are subordinate to the principal use and serve on the principal use.
- A home-based business (provided the conditions in § 271-70 A(2)(b) are satisfied)

Permitted **conditional uses** in the R-1-7 zone are as follows:

- Public and private schools on lots of one acre or larger
- Off-street parking lots on transitional lots
- Professional offices on transitional lots
- Multiple dwellings on transitional lots
- Attached dwellings
- Bed-and-breakfasts

Additional requirements for the R-1-7 zone include:

- § 271-70 A(5) details requirements for specific lots to conform the chapter to the Maplewood Fair Share Compliance plan.

The R-1-7 zone requires a 7,000-square foot minimum lot area and the minimum required lot width is 70 feet. The required minimum yards are 30 feet for front yards, 7 feet for each side yard, with a total combined side yard minimum of 25% of the lot width, and 25 feet or 25 percent of the lot depth for rear yards. Principal building height is limited to 2 stories or 35 feet, with eave height limited to 24 feet. The maximum improved lot coverage is 45 percent, and the maximum building coverage is 30 percent¹. Curb cuts are limited to 20 percent of the lot width, and front yards are limited to 25 percent paved. Façade widths are limited; the front facade to 75% of lot width or 40 feet, whichever is less and adjacent to the side lot line to 30 feet.

The Maplewood Zoning and Development Regulations Ordinance defines a “transitional lot” as follows:

“The first residentially zoned lot (or lots in common ownership) having a side yard adjoining the side line of a lot in a business zone fronting on the same street and extending into the residential zone no more than two times the minimum lot frontage of the residential zone in which the lot is located.”

Therefore Lots 100 and 169 are considered transitional lots, meaning off-street parking lots, professional offices and multiple dwellings are permitted conditional use on these lots.

B. Master Plan

The Township of Maplewood completed its last comprehensive master plan in 2004. A reexamination of the 2004 Master Plan was undertaken in 2011. Relevant objectives of the 2011 Master Plan Reexamination were to:

- Support strong cultural affairs programming sponsored by the Township, particularly the Burgdorff Cultural Center and the 1978 Arts Center.
- Improve the quality of commercial activity and the value of commercial properties in all the Township’s business districts without harming the character and vitality of adjoining residential neighborhoods.
- Promote market-rate residential development, especially in mixed-use development in commercial areas, in such a manner that is not likely to pose an additional burden on the school system.

¹ For Lots 12,000 square feet or greater in area, in any district, maximum building coverage is 25% and maximum lot coverage is 40%.

- Support policies, programs and plans which promote wellness by encouraging walking, bicycling, outdoor recreation, and all forms of physical exercise.
- Promote the incorporation of sustainability in both building and site design of future development and redevelopment and do so in a manner that maintains viable economic development.
- Support the retention, renewal, and development of critical anchors in our commercial districts, such as supermarkets, financial institutions, postal services, and cinemas.

The 2011 Master Plan Reexamination report identifies the several areas as potential redevelopment areas. These include Maplewood Village, which is used as a descriptor for the area of RB zone centered on Maplewood Avenue between Baker Street and Durand Road. This area includes some, but not all of, the current study area, and specifically mentions the Maplewood Theater, located on Lot 175, as a “likely to be redeveloped or may be vulnerable to reuse in the coming years.”

The following discussion of a portion of the study area (Lots 173, 174 and 175) is included on pages 47 and 48 of the 2011 Master Plan Reexamination:

No change in zoning is recommended for the three adjacent lots on the north side of Maplewood Avenue developed with the Bank of America, Kings supermarket and Maplewood Theater. While the combined area of these three parcels of 1.2 acres is sizable in this setting, each property is owned by a different owner and it is unlikely that all three will become available for redevelopment at one time. The guiding principle for these lots is to maintain active uses on the street without interruptions by curb cuts. For example, the existing loading driveway for Kings is undesirable due to its impacts on pedestrian and traffic safety as well as aesthetics. The portions of the bank and movie theater buildings fronting on Maplewood Avenue should be preserved. The one-story Kings supermarket building between these two buildings is more attractive for replacement or improvements, particularly as the existing building creates a bit of a dead space on Maplewood Avenue with opaque windows at street level and corrals of shopping carts and seasonal sale items along the sidewalk. The addition of upper story residential or office uses on this site could also add to Maplewood Village’s vitality.

There were concerns raised about the viability of the uses on two of these properties and the suitability of their properties for them in the 2004 Master Plan, pointing out reasons that small grocery stores and movie theaters in downtown locations were no longer up to then-current standards. The 2011 Reexamination noted the continued vulnerability of the grocery store and theater, as well as the former Post Office which was the subject of redevelopment efforts at that time: “The long-term viability of the other two anchors may need to be reconsidered due to market trends and competition affecting the grocery store and theater in Maplewood Village.” It also discussed the vulnerability of the bank on Lot 173: “The Bank of America building is typical of older bank structures that were designed to inspire confidence in the institution and its permanence, but is oversized for its needs today.” As discussed later in this report, the bank remained in operation for a few more years, but closed in 2022.

Lastly, the 2011 Reexamination states: "It is very conceivable that one or more of these anchor uses will move or even cease to exist within the next five years. The redevelopment of any one of the above sites will likely impact the others, as well as the rest of Maplewood Village, due to the proximity of these uses to each other and the interrelation of parking and circulation in the area."

The area is noted for its proximity to the Maplewood train station, which provides a reasonable supply of patrons, both resident and non-resident, for local businesses and a convenience for area residents.

In 2021 the Township initiated the process to create a new comprehensive master plan, which was adopted by the Planning Board on August 8, 2023 after the completion of the original version of this redevelopment study. The new Master Plan document notes that the process of investigating whether the study area qualifies as an area in need of redevelopment, and refers the study area and the former movie theater in particular as an "opportunity site."

AREA IN NEED OF REDEVELOPMENT INVESTIGATION
 BLOCK 12.02 | TOWNSHIP OF MAPLEWOOD, NEW JERSEY

PHILLIPS PREISS GRYGIEL LEHENY HUGHES LLC 2023

IV STATUTORY CRITERIA FOR ESTABLISHMENT OF AN AREA IN NEED OF REDEVELOPMENT AND APPLICATION TO THE STUDY AREA

Under the regulations of the LRHL at N.J.S.A. 40A:12A-5, a delineated area may be determined to be in need of redevelopment if, after investigation, notice and hearing as provided in Section 6 of P.L.1992, c.79 (N.J.S.A. 40A:12A-6), the governing body of the municipality by resolution concludes that within the delineated area any of the following conditions is found:

- a. The generality of buildings are substandard, unsafe, unsanitary, dilapidated, or obsolescent, or possess any of such characteristics, or are so lacking in light, air, or space, as to be conducive to unwholesome living or working conditions.
- b. The discontinuance of the use of a building or buildings previously used for commercial, retail, shopping malls or plazas, office parks, manufacturing, or industrial purposes; the abandonment of such building or buildings; significant vacancies of such building or buildings for at least two consecutive years; or the same being allowed to fall into so great a state of disrepair as to be untenable.
- c. Land that is owned by the municipality, the county, a local housing authority, redevelopment agency or redevelopment entity, or unimproved vacant land that has remained so for a period of ten years prior to adoption of the resolution, and that by reason of its location, remoteness, lack of means of access to developed sections or portions of the municipality, or topography, or nature of the soil, is not likely to be developed through the instrumentality of private capital.
- d. Areas with buildings or improvements which, by reason of dilapidation, obsolescence, overcrowding, faulty arrangement or design, lack of ventilation, light and sanitary facilities, excessive land coverage, deleterious land use or obsolete layout, or any combination of these or other factors, are detrimental to the safety, health, morals, or welfare of the community.
- e. A growing lack or total lack of proper utilization of areas caused by the condition of the title, diverse ownership of the real properties therein or other similar conditions which impede land assemblage or discourage the undertaking of improvements, resulting in a stagnant and unproductive condition of land potentially useful and valuable for contributing to and serving the public health, safety and welfare, which condition is presumed to be having a negative social or economic impact or otherwise being detrimental to the safety, health, morals, or welfare of the surrounding area or the community in general.

- f. Areas, in excess of five contiguous acres, whereon buildings or improvements have been destroyed, consumed by fire, demolished or altered by the action of storm, fire, cyclone, tornado, earthquake or other casualty in such a way that the aggregate assessed value of the areas has been materially depreciated.
- g. In any municipality in which an enterprise zone has been designated pursuant to the "New Jersey Urban Enterprise Zones Act," P.L.1983, c.303 (C.52:27H-60 et seq.) the execution of the actions prescribed in that act for the adoption by the municipality and approval by the New Jersey Urban Enterprise Zone Authority of the zone development plan for the area of the enterprise zone shall be considered sufficient for the determination that the area is in need of redevelopment pursuant to sections 5 and 6 of P.L.1992, c.79 (C.40A:12A-5 and 40A:12A-6) for the purpose of granting tax exemptions within the enterprise zone district pursuant to the provisions of P.L.1991, c.431 (C.40A:20-1 et seq.) or the adoption of a tax abatement and exemption ordinance pursuant to the provisions of P.L.1991, c.441 (C.40A:21-1 et seq.). The municipality shall not utilize any other redevelopment powers within the urban enterprise zone unless the municipal governing body and planning board have also taken the actions and fulfilled the requirements prescribed in P.L.1992, c.79 (C.40A:12A-1 et al.) for determining that the area is in need of redevelopment or an area in need of rehabilitation and the municipal governing body has adopted a redevelopment plan ordinance including the area of the enterprise zone.
- h. The designation of the delineated area is consistent with smart growth planning principles adopted pursuant to law or regulation.

In a study area with multiple parcels, individual properties or blocks that do not meet any of the statutory conditions may still be included within an area in need of redevelopment provided that within the study area as a whole, one or more of the expressed conditions are prevalent. This provision is referred to as "Section 3" and is set forth under N.J.S.A. 40A:12A-3, which states in part:

A redevelopment area may include lands, buildings, or improvements which of themselves are not detrimental to public health, safety or welfare, but the inclusion of which is found necessary, with or without change in this condition, for the effective redevelopment of the area of which they are a part.

The following section considers whether or not the statutory criteria for an "area in need of redevelopment" designation is met in light of existing conditions in the study area and other factors.

V STUDY AREA DESCRIPTION AND EVALUATION

This chapter describes the study area properties and evaluates whether they meet any of the statutory criteria for a non-condemnation area in need of redevelopment designation consistent with the Local Redevelopment and Housing Law, both individually and in the aggregate. The evaluation is based on site inspections, surveys of land usage, property conditions, occupancy and ownership status, Master Plan designation, Township records, flood risk status, and other relevant information cited below. Application of the area in need of redevelopment criteria is shown in **Figure 5: Area in Need of Redevelopment Criteria.**

A. Individual Property Evaluations

Block 12.02 Lot 100 / 145 Maplewood Avenue (0.32 acres)

The property is a trapezoid-shaped corner lot with 117 feet of frontage on Maplewood Avenue and 151 feet of frontage on Durand Road. The property is currently developed with a two-story brick structure, currently used as a real estate office. Its area is 1,577 square feet, according to tax records. The building is set back from both streets, located close to the southern side of the property. The remainder of the lot is landscaped with lawn and an evergreen hedge screening the property from the south and west, as well as a number of large older trees. A footpath across the property connects sidewalks along the northern and eastern edges.

The building on this lot appears to be in good condition as are the site improvements.² While this lot is located in a single-family residential zone, as noted it is a transitional lot and therefore professional offices are permitted on it.

The Township has documented the following records or violations within the past five years:

Tax Collector: Property taxes are current. There is an open balance of less than one dollar on the property's sewer account.

Building Department: Permit: Signage - Coldwell Banker (#2021-0847, 6/1/2021)

Property Maintenance: tree removal (9-19-22), CCU (3-30-23)

Planning Board/Zoning Board of Adjustment: No records.

Police Department:³ The police reports for this property are for inspections or generally related to conditions on the adjacent streets.

Block 12.02 Lot 100 does not meet any redevelopment criteria of the LRHL.

² Conditions were evaluated visually as follows: Poor – requiring action immediately or within 12 months; Fair – serviceable, but showing age and wear, and will require maintenance, repair or replacement during the loan term; Good – no major signs of age or wear, may need replacement during the loan term; Excellent – new or like new.

³ This report does not list Police Department records that are largely of a personal or domestic nature and are unrelated to an evaluation of the property.

None: The building is in good condition and the property is well-maintained.

Block 12.02 Lot 100.01 / 10 Durand Road (0.47 acres)

The property is an irregularly shaped corner lot with 116 feet of frontage on Woodland Road and 132 feet of frontage on Durand Road. Additionally, the shape of the intersection of these two roads results in this lot having 45 feet of curved frontage along the intersection. The property is currently the site of the Burgdorff Center for the Performing Arts. The building was constructed in 1925 as the First Church of Christ, Scientist, and was deeded to the Township in 1988 by realtor Jean T. Burgdorff, a Maplewood resident and patron of the arts. The area of the building is 6,552 square feet. Landscaping at the site is a mixture of open lawn and trees, including a few large, older trees.

The site also contains surface parking behind the building, which is accessed via neighboring Lot 175.01. It is noted Lots 100.01 and 175.01 are integral to the use of Lot 176, as the only vehicular access to the rear of the buildings on Lot 176 is provided on these two parcels. There are dumpsters located in the parking lot on Lot 100.01 serving businesses on Lot 176.

The Township has documented the following records or violations within the past five years:

Tax Collector: No delinquencies.

Building Department: Permits: Electrical Alterations Electric (# 2022-1292, 8/4/2022), Fire System Fire Alarm System (#2021-1500, 9/23/2021), Replacement Boiler (#2018-0637, 5/10/2020).

Property Maintenance: No records.

Planning Board/Zoning Board of Adjustment: No records.

Police Department: The police reports for this property are for inspections or event applications. There were a number of fire calls and a medical aid call as well.

Block 12.02 Lot 100.01 does not meet any redevelopment criteria of the LRHL.

None: The building is in good condition and is utilized for community purposes.

Block 12.02 Lot 169 / 11 Inwood Place (0.22 acres)

This property is an irregular pentagonal corner lot with 120 feet of frontage on Woodland Road and 57 feet of frontage on Inwood Place. Additionally, the shape of the intersection of these two roads results in this lot having 69 feet of frontage along the intersection. The lot is currently developed with a three story structure, currently in use as an architect's office, though its appearance suggests that it has been converted from residential use. The area of the building is 2,147 square feet. The structure faces Inwood Place, but is also accessible from a rear driveway which connects to Woodland Road. The structure is located at the rear of the lot, abutting the eastern property line. The property also contains landscaping improvements, including lawns,

gardens, and trees. As discussed below, there are improvements related to neighboring Lot 173 that appear to be located on Lot 169.

While this lot is located in a single-family residential zone, as noted it is a transitional lot and therefore professional offices are permitted on it.

The Township has documented the following records or violations within the past five years:

Tax Collector: No delinquencies.

Building Department: Permits: Furnace - Commercial Property (#2022-1730, 11/7/2022).

Property Maintenance: No records.

Planning Board/Zoning Board of Adjustment: No records.

Police Department: There were a number of alarm calls for this address.

Block 12.02 Lot 169 does not meet any redevelopment criteria of the LRHL.

None: The building is in good condition and the property is well maintained.

Block 12.02 Lot 173 / 161 Maplewood Avenue (0.71 acres)

The property is an irregularly shaped corner lot with 290 feet of frontage on Inwood Place and 70 feet of frontage on Maplewood Avenue. The portion of the lot which is 70 feet wide extends 140 feet back from Maplewood Avenue, at which point the lot widens to 140 feet. The lot is currently developed with a building that varies from one to three stories. According to tax records, the area of the building is 12,957 square feet: 7,805 square feet on the first floor and 5,152 square feet on the upper floor. The rear of the lot currently contains a large surface parking lot and circulation aisles, including an access lane for a drive-through window.

The portion of the structure facing Maplewood Avenue was built in 1926, and has a stone façade and engraved signage for its original occupant, the Maplewood Bank and Trust Company. The rear portion of the structure containing the Inwood Place entrance and a drive-through window is a more recent addition. The building was formerly occupied by a Bank of America branch, which closed in 2022.

The parking lot and drive-through lane on this parcel have four curb cuts (i.e. driveways) on Inwood Place, although the northernmost one appears to be partially on adjacent Lot 169, along with ten parking spaces, an access aisle and an area in which dumpsters are located. There is equipment from a mechanical gate that is no longer functional next to one of the driveways, and a series of posts that may have been used to chain off the driveways are located along the Inwood Place frontage. Landscaping is provided along both the Maplewood Avenue and Inwood Place frontages, but there is a minimal amount in the parking lot.

The Township has documented the following records or violations within the past five years:

Tax Collector: No delinquencies.

Building Department: Permits: Commercial Property - Boiler (#2022-1930, 12/30/2022), Sign Installation Awning Replacement (#2021-1602, 10/13/2021), Rehab (#2018-0237, 2/21/2018).

Property Maintenance: Sidewalk Hazard (7-20-2020), Grass Violation/Rear (2-26-2021), CCU (3-17-2022), Overgrown Weeds (10-24-2022)

Planning Board/Zoning Board of Adjustment: No records.

Police Department: There were a number of police reports for this property. These range from motor vehicle accidents and stops and parking violations to disorderly conduct, suspicious conditions, noise complaints, larceny and alarm responses.

Block 12.02 Lot 173 meets redevelopment criteria “d” and “h” of the LRHL.

Criterion “d”: The presence of a drive-through window and lane are obsolete given the building is no longer occupied by a bank. Furthermore, this design feature is contrary to the pedestrian-oriented nature of Maplewood Village, as is a large surface parking lot that only serves an individual property. The number of driveways along Inwood Place does not comply with § 271-50A of the Maplewood Zoning and Development Regulations Ordinance, which permits a maximum of two access drives for parking lots, with their center lines spaced at least 56 feet apart and located at least 30 feet from any property line. In addition, off-street parking lots are only permitted as a conditional use in the RB District. The regulations for this use in the RB District note the following: “Curb cuts are not encouraged in the RB District since they can interrupt the safe flow of pedestrian traffic.” This lot has four curb cuts - twice the number permitted.

In addition, the number of bank branches in the United States has been declining since 2009, according to the Federal Deposit Insurance Corporation (FDIC), from 85,834 in 2009 to 71,190 in 2022.⁴ The number of FDIC-chartered banks has been declining since 2008 as well, indicating decreased demand for spaces designed for branch banks.

While the building on the property is in good condition and one of the finest examples of period architecture in Maplewood, the rear portion of the property includes conditions that represent a faulty arrangement that is detrimental to the safety, health, morals, and general welfare of the community. The former bank building also suffers from an obsolete layout for the use it was designed for.

Criterion “h”: The block on which the property is located is in a walkable mixed-use downtown across the street from a passenger railroad station. Redevelopment of the property will help advance smart growth principles, by helping transform the rear portion of the property from a site with faulty arrangement into one that contributes to the character of Maplewood Village.

⁴ Source: <https://banks.data.fdic.gov/explore/historical>

Block 12.02 Lot 174 / 157 Maplewood Avenue (0.22 acres)

This property is a rectangular lot 140 feet deep with 70 feet of frontage on Maplewood Avenue. The property is currently developed with a single story commercial structure, presently in use as a grocery store (Greenway Market). The area of the building is 6,420 square feet, with an additional basement area of 4,480 square feet. The building is not setback from the southern, eastern, or western property lines. A driveway on the north side of the property provides access to a rear paved area which appears in use for deliveries and trash removal. This loading area is substandard with regard to zoning regulations, and requires trucks to back in across an active sidewalk as well as block Maplewood Avenue to allow deliveries to occur.

The Township has documented the following records or violations within the past five years:

Tax Collector: No delinquencies.

Building Department: Permits: Interior Demolition Demo Commercial Supermarket (#2021-1187, 7/28/2021), Fire Suppression Alterations Install One Type 1 Commercial Kitchen Hood Exhaust System (#2021-1537, 9/29/2021), Interior Alteration(s) Tenant Fit-Out Greenway Supermarket (#2021-1480, 9/22/2021).

Property Maintenance: 7-28-21 CCU.

Planning Board/Zoning Board of Adjustment: No records.

Police Department: There were a minimal number of police reports for this property.

Block 12.02 Lot 174 meets redevelopment criteria “d” and “h” of the LRHL.

Criterion “d”: This parcel and the building on it is no longer suitable for use for the primary function for which it was originally intended, a grocery store. It is not large enough to accommodate a modern supermarket, whether full size or smaller format. The 2011 Master Plan Reexamination called into question the long-term viability of the uses on this property and Lot 175 “due to market trends and competition affecting the grocery store and theater in Maplewood Village.” As presently developed, the site has excessive land coverage, and no landscaping or stormwater management. Notably, its loading area is deficient and obsolete for a use such as a grocery store that requires regular deliveries of products with high turnover. The limited size of the store also requires the outdoor storage of shopping carts on the sidewalk.

The location of a loading area for trucks opening directly onto Maplewood Avenue is a potential safety hazard for passing pedestrians and vehicular traffic. The Maplewood Zoning and Development Regulations Ordinance explicitly discourages curb cuts in the RB District, “since they can interrupt the safe flow of pedestrian traffic.” This loading driveway is the only curb cut serving a single private property (i.e. not for a public parking lot) along the length of Maplewood Avenue in the RB District. Tractor trailer deliveries require blocking the street to allow backing into a narrow space that can barely fit a trailer. This represents a faulty arrangement of the property. On-street parking spaces in front of this property have been designated as a loading zone at certain times, in recognition of the lack of off-street loading spaces for multiple deliveries at one time.

In short, the property is obsolete for use as grocery store, and the faulty arrangement of the loading area is detrimental to the safety, health, morals, and welfare of the community. It is acknowledged there are benefits to having a grocery store in Maplewood Village, but that there are conditions on this particular property related to this specific use that could be addressed through redevelopment.

Criterion “h”: The block on which the property is located is in a walkable mixed-use downtown across the street from a passenger railroad station. Redevelopment of the property will help advance smart growth principles, by helping transform the rear portion of the property from a site with faulty arrangement into one that contributes to the character of Maplewood Village.

Block 12.02 Lot 175 / 155 Maplewood Avenue (0.48 acres)

This property is a trapezoidal lot with 107 feet of frontage along Maplewood Avenue. The southern boundary is 308.40 feet deep, and the northern is 193.75 feet. The rear width of the lot is 88.20 feet, and a small, truncated portion of the northwest corner has 17.56 feet which borders Lot 100.01. The lot is currently developed with a building constructed in 1926 occupied by the vacant Maplewood Theater and other commercial uses. The structure is nearly coextensive with the lot, with minimal setbacks. The area of the building is not listed on tax records. The theater has been vacant since December 2020, when it closed. Other building occupants include two restaurants and a real estate office. The theater was considered an “anchor institution” of the Maplewood Village section of the Township, according to the 2011 Master Plan Update.

Therefore there has been significant vacancy for over two years.

The Township has documented the following records or violations within the past five years:

Tax Collector: No delinquencies.

Building Department: Permits: Sub Panel - Commercial Property (#2023-0235, 2/16/2023), Telecommunications (#2022-1366, 8/23/2022). Roof Commercial Roof (#2021-2343, 12/30/2021), Exterior Renovation Install Safety Railing On Parapet For Existing Installation On Roof (#2021-1502, 9/23/2021), Exterior Renovation Replace Antennas (#2021-0972, 6/18/2021), Telecommunications Update Existing Telecommunications Facility (#2020-2164, 12/3/2020), Exterior Renovation Upgrade Existing Telecommunication Facility (#2019-0411, 3/28/2019), Exterior Renovation AT&T Telecommunications Equipment Upgrade (#2018-1480, 10/4/2018).

Property Maintenance: No records.

Planning Board/Zoning Board of Adjustment: No records.

Police Department: There were 184 police reports for this property from January 1, 2018 to May 4, 2023. These include disorderly conduct, suspicious conditions, open door/window reports, parking violations, 911 call hangups, fire calls, and inspections.

Block 12.02 Lot 175 meets redevelopment criteria “b” and “h” of the LRHL.

Criterion “b”: As noted above, this lot is characterized by a significant vacancy of a commercial building for over two consecutive years: the former Maplewood Theater. While the movie theater had been identified as an “anchor institution” for Maplewood Village in the Township’s Master Plan documents dating back to 2004, the 2004 Master Plan and 2011 Reexamination Report highlighted the vulnerability of the movie theater due to a number of factors, including competition from larger theaters with on-site parking and alternate means of viewing movies, first DVDs and then streaming. The Covid-19 pandemic was an additional blow that affected this and other theaters. There are smaller retail and office spaces in the front portion of the building along Maplewood Avenue, but a large portion of the building’s area is devoted to the former theater use and can be described as a “significant vacancy.”

Criterion “h”: The block on which the property is located is in a walkable mixed-use downtown across the street from a passenger railroad station. Redevelopment of the property will help advance smart growth principles, by helping transform the rear portion of the property from a site with faulty arrangement into one that contributes to the character of Maplewood Village.

Block 12.02 Lot 175.01 / 54 Woodland Road (0.15 acres)

The property is an irregularly shaped lot with 78.68 feet of frontage along Woodland Road. Its southern boundary is 102.31 feet deep, and the northern boundary is comprised of two sections, a 61.58 feet section perpendicular to Woodland Road and a 21.51 foot section extends northeast. The rear width of the lot is 88.20 feet. The lot is currently developed with a surface parking lot and landscaping. The parking lot at the site additionally provides access to the rear parking area of Lot 100.01, which also serves Lot 176. A dwelling was once located on this property, but it was demolished decades ago.

The Township has documented the following records or violations within the past five years:

Tax Collector: No delinquencies.

Building Department: No violations.

Property Maintenance: No records.

Planning Board/Zoning Board of Adjustment: No records.

Police Department: No records.

Block 12.02 Lot 175.01 does not meet any redevelopment criteria of the LRHL.

None: There are no conditions on this property that are detrimental to the safety, health, morals, or welfare of the community. However as discussed in the following section, this property may be included in a redevelopment area with adjacent properties.

Block 12.02 Lot 176 / 149 Maplewood Avenue (0.11 acres)

The property is a trapezoidal lot with 57.02 feet of frontage along Maplewood Avenue. The lot depth ranges from 92.06 to 92.32 feet, and the rear lot width is 48.39 feet. The lot is currently developed with a single-story commercial building with an area of 3,752 square feet, with an additional basement area of 3,752 square feet. The building is occupied by several restaurants. The structure covers nearly the entire lot, with minimal setbacks or landscaping. As such, there is no room for parking, loading or trash and recycling facilities on the lot. Instead, this property relies on two other lots for these functions.

The uses on this property rely on a parking lot on Lot 100.01, which is accessed via neighboring Lot 175.01, for trash disposal and any loading in the rear of the building. Vehicular access to the rear of the building on Lot 176 is only possible through Lots 100.01 and 175.01.

The Planning Board granted approval for a new restaurant tenant in the building in 2019 which required a variance and a waiver to permit a walk-in freezer to be located in the rear. The resolution of approval noted this lot's limitations and unique circumstances, including the grade separation from the adjoining Lot 100.01.

The Township has documented the following records or violations within the past five years:

Tax Collector: No delinquencies.

Building Department: Permits: Electrical Alterations Electric (#2021-2249, 12/8/2021), Fire Suppression Alterations Roof Wet Chemical, Roof For Penetration Exhaust Duct (#2021-0130, 1/27/2021), Plumbing Alterations Storm Sewer (#2020-0133, 1/30/2020), Exterior Renovation Install Retaining Wall (#2019-1828, 12/18/2019), Alarm System (#2019-1638, 11/7/2019), Sign Installation Signage (#2019-1474, 10/11/2019), Commercial Kitchen - Remove And Replace Nozzles And Drops. Horn & Strobe Connect To Suppression System (#2019-0981+B, 10/4/2019), Tenant Fit-Out - Ani Ramen (#2019-1027+B, 7/19/2019), Electrical Alterations HVAC Tenant Fit-Out - Ani Ramen (#2019-1027, 7/15/2019), Fire System Tenant Fit-Out Fire Alarm System Upgrade (#2019-1028, 7/15/2019), Bath Renovation Tenant Fit-Out - Ani Ramen (#2019-1027+A, 7/15/2019), Fire Suppression Alterations Interior Alteration(s) Commercial Kitchen (#2019-0981, 7/8/2019), Interior Demolition Demo (#2018-1820, 12/5/2018).

Property Maintenance: No records.

Planning Board/Zoning Board of Adjustment: Site plan, variance (rear yard setback) and waiver (distance between principal and accessory buildings) approval from Planning Board (8/13/19).

Police Department: There were 60 police reports for this property from January 1, 2018 to May 4, 2023. These include domestic disturbance, public disturbance, disorderly conduct, suspicious conditions, larceny and numerous alarm responses.

Block 12.02 Lot 176 does not meet any redevelopment criteria of the LRHL.

None: The building and uses on this parcel are not detrimental to the safety, health, morals, or welfare of the community. However, Lot 176 relies on two other study area properties for access for

some of its functions. As described in the following section, this parcel may be included in a redevelopment area with the adjacent properties.

However as discussed in the following section, this property may be included in a redevelopment area with adjacent properties.

B. Evaluation of the Study Area as a Whole

The results of the redevelopment area investigation reveal that some of the properties in the Study Area qualify for redevelopment designation under at least one of the criteria of the enabling statute. **Figure 5** illustrates which criteria are applicable for each parcel.

When evaluating the overall study area, three contiguous properties can be designated under the criteria of the LRHL. However, there are three adjacent properties that may not meet the redevelopment criteria, but which are interrelated with each other, as well as the three lots that meet the redevelopment criteria. Given these relationships, it is necessary to include these properties in the redevelopment area, pursuant to the provision referred to as "Section 3" as set forth under N.J.S.A. 40A:12A-3:

A redevelopment area may include lands, buildings, or improvements which of themselves are not detrimental to public health, safety or welfare, but the inclusion of which is found necessary, with or without change in this condition, for the effective redevelopment of the area of which they are a part.

Block 12.02, Lots 100.01, 175.01 and 176 are contiguous properties that have shared access with one another, are utilized for access, parking and/or loading for other lots that can be designated for redevelopment using the criteria of the LRHL, or both. Lot 176 has a faulty arrangement that requires trash and recycling generated by its occupants to be brought out the rear of the building and taken to unscreened dumpsters in the parking lot on Lot 175.01, which is at an elevation approximately ten feet higher than the rear exits of a building. This arrangement requires the use of wooden stairs constructed against the retaining wall to the rear. While this arrangement is not necessarily detrimental to public health, safety or welfare, it is not optimal, and highlights the interrelationship between the three lots – as it would not be possible without access through both Lots 100.01 and 175.01. This situation could potentially be improved through redevelopment of adjacent properties.

Furthermore, Lot 175.01 in particular is a linchpin as it provides the only curb cut to parking and loading areas located on Lots 100.01 and 175.01, as well as to the rear of Lot 175 (the theater property) and Lot 176. The inclusion of all six of these parcels in a redevelopment area would provide more flexibility for redevelopment scenarios. As noted previously, the 2011 Maplewood Master Plan Reexamination raised this issue with regard to the bank, grocery store and theater sites, as the redevelopment of any one of them "will likely impact the others, as well as the rest of

Maplewood Village, due to the proximity of these uses to each other and the interrelation of parking and circulation in the area.”

It is noted that inclusion in a redevelopment area does not necessarily mean a property will be partially or fully redeveloped – particularly in a non-condemnation redevelopment area. Any redevelopment plan(s) adopted for all or part of the redevelopment area would provide for potential future redevelopment actions.

As a result of the overall study area analysis described above, substantial evidence exists to declare Block 12.02, Lots 100.01, 175.01 and 176 as part of an “area in need of redevelopment” in accordance with the “Section 3” provision set forth in the State’s Local Redevelopment and Housing Law.

FIGURE 5: AREA IN NEED OF REDEVELOPMENT CRITERIA

AREA IN NEED OF REDEVELOPMENT INVESTIGATION
BLOCK 12.02 | TOWNSHIP OF MAPLEWOOD, NEW JERSEY

PHILLIPS PREISS GRYGIEL LEHENY HUGHES LLC 2023

VI CONCLUSION

The foregoing study was prepared on behalf of the Township of Maplewood Planning Board in order to determine whether the study area qualifies as a non-condemnation area in need of redevelopment as defined under the LRHL at N.J.S.A. 40A:12A.

Based on the foregoing analysis, Block 12.02, Lots 173, 174 and 175 individually meet the redevelopment criteria set forth at N.J.S.A. 40A:12A-5. Block 12.02, Lots 100, 100.01, 169, 175.01 and 176 individually do not meet any redevelopment designation criteria of the LRHL. However, when evaluated as a whole study area, Block 12.02, Lots 100.01, 175.01 and 176 can be designated under Section 3 of the LRHL. Therefore, six of the eight lots within the study area can be designated as an area in need of redevelopment.

RESOLUTION NO. 88-23

RESOLUTION RETAINING PLANNERS TO CONDUCT A STUDY OF CERTAIN PROPERTIES WITHIN MAPLEWOOD TO DETERMINE IF THEY QUALIFY AS AN AREA IN NEED OF REDEVELOPMENT

WHEREAS, the Township of Maplewood ("Township") wishes to determine whether or not Block 12.02, Lots 100, 100.01, 169, 173, 174, 175, 175.01 and 176 qualify as an area in need of redevelopment; and

WHEREAS, in order to make this determination, it is necessary to engage a planner to review the area; and

WHEREAS, the firm of Phillips Preiss has performed these services satisfactorily to the Township in the past; and

WHEREAS, Phillips Preiss has submitted a proposal for the services in an amount not to exceed \$17,500, copy of which is attached.

NOW THEREFORE, BE IT RESOLVED by the Township Committee of the Township of Maplewood, County of Essex, State of New Jersey that:

1. Phillips Preiss be and is hereby retained to conduct a study to determine whether the aforementioned property qualify as an area in need of redevelopment at a price not to exceed \$17,500.
2. The Township Business Administrator and the Township Clerk be and are hereby authorized to execute any documents necessary to complete the intent of this Resolution.

I, Elizabeth J. Fritzen, Township Clerk of the Township of Maplewood, in the County of Essex and State of New Jersey, do hereby certify that the foregoing is a true and correct copy of a Resolution adopted by the Township Committee of the Township of Maplewood, County of Essex, State of New Jersey, at a regular meeting of said Committee held on March 7, 2023.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the seal of the Township of Maplewood in the County of Essex and State of New Jersey, on this 7th day of March, 2023.

Certified to be a true copy of a Resolution adopted by the Governing Body of the Township of Maplewood at the duly held Meeting on the 7th day of March 2023.

Gregg Shuster, Interim Township Administrator
Township of Maplewood
574 Valley Street
Maplewood, NJ 07040

**RE: Request for Information – Area in Need of Redevelopment Investigation
Block 12.02 – Township of Maplewood, NJ**

Dear Mr. Shuster:

As you are aware, Phillips Preiss Grygiel Leheny Hughes LLC has been authorized to prepare a study for the Township of Maplewood to determine if all or part of an area comprised of the parcels below qualifies as a non-condemnation “area in need of redevelopment” pursuant to the State’s Local Redevelopment and Housing Law (LRHL) at N.J.S.A. 40A:12A et seq.:

SEWER 0.13 DELINQUENT

ALL OTHER PROPERTIES
LISTED ARE CURRENT
WITH SEWER CHARGES

- Block 12.02, Lot 100 (145 Maplewood Avenue)
- Block 12.02, Lot 100.01 (10 Durand Road)
- Block 12.02, Lot 169 (11 Inwood Place)
- Block 12.02, Lot 173 (161 Maplewood Avenue)
- Block 12.02, Lot 174 (157 Maplewood Avenue)
- Block 12.02, Lot 175 (155 Maplewood Avenue)
- Block 12.02, Lot 175.01 (54 Woodland Road)
- Block 12.02, Lot 176 (149 Maplewood Avenue)

ALL PROPERTIES LISTED
ARE CURRENT WITH
PROPERTY TAXES AND
THERE ARE NO LIENS
ON THE PROPERTIES

A study of this type requires the provision of “substantial evidence” in support of a redevelopment area designation, pursuant to case law. In order to address this requirement, can you coordinate a request of the following information for all of the study area properties/addresses in order to complete our investigation:

- 1) Property tax records, including individual tax cards;
- 2) Current tax delinquencies/arrearages;
- 3) Police reports over the last 5 years;
- 4) Health, maintenance, fire and related code violations over the last 5 years;
- 5) Building/demolition permits over the last 5 years;
- 6) Certificates of Occupancy over the last 5 years;
- 7) Planning/Zoning Board applications/approvals over the last 5 years; and

Planning & Real Estate Consultants

- 8) Any properties deemed by the local Construction Code Official to constitute an “imminent hazard.”

Please let me know if you have any questions or comments, or require additional information.

Sincerely yours,

Paul Grygiel, AICP, PP

RE: Case #PB19-05

149 MAPLEWOOD AVE.
(BLOCK 12.02, LOT 176)
R-B (RETAIL BUSINESS ZONE)
APPLICANT: ANI MAPLEWOOD, LLC
*Granting Site plan for walk-in refrigerator with rear
yard Setback with Variance & Waiver*

Dear Ms. Moore:

The Township of Maplewood Planning Board, at its August 13, 2019 meeting, granted the above referenced variance request. The Resolution memorializing this decision was adopted at the Board's September 10, 2019 meeting. A copy of this Resolution has been attached, along with a copy of the notice of the decision of the Board, which I have arranged to appear in the Thursday, September 19, 2019 edition of the News Record of Maplewood and South Orange.

The applicant may now submit revised site plans (3 full size and 1 set of 11" X 17") which conform to the requirements of the Resolution. They will be reviewed for compliance by the Board's Consulting Engineer. Please also provide a Cost Estimate of the site improvements for the required Performance Guaranty.

Please do not hesitate to contact me if you have any questions.

Sincerely,

Adele C. Lewis
Board Secretary

TOWNSHIP OF MAPLEWOOD PLANNING BOARD

RESOLUTION OF MEMORIALIZATION

WHEREAS, application was made to the Planning Board of the Township of Maplewood by Ani Maplewood, LLC (hereinafter the “Applicant”), for site plan approval for a walk-in refrigerator with a rear yard set back variance (15 feet required, 4.25 proposed) and a waiver from section 271-35d for the distance between a principal building and accessory structure (10 feet required, 4 feet proposed) for a property having an address of 149 Maplewood Avenue, Maplewood, New Jersey, being Lot 176 and Block 12.02 on the Tax Maps of the Township of Maplewood, Essex County, New Jersey (the “Property”) rented by Applicant for use as a restaurant; and

WHEREAS, Notice of Publication and Proof of Service on neighboring property owners was duly made and filed; and

WHEREAS, a public hearing on the Application was held before the Planning Board at the Township of Maplewood at its regularly scheduled meeting on August 13, 2019; and

WHEREAS, Applicant prior to the hearing submitted Architectural Plans, 2 sheets, entitled “Ani Ramen-Maplewood, Existing Restaurant Space Alterations and Proposed New Exterior Storage Structure, 149 Maplewood Avenue” prepared by Inglese Architecture & Engineering, revised July 25, 2019 and a Survey 1 sheet (11 by 17) entitled “Survey for the Property Located at: 149 Maplewood Avenue, Block 12.02, Lot 176” prepared by Behar, Surveying Associates PC, dated April 15, 2019; and

WHEREAS, prior to the August 13, 2019 hearing date, the Planning Board received the letter report of Andrew Cangiano, P.E., P.P., CME of Keller & Kirkpatrick, Inc., the

Board's outside engineering consultants dated, August 2, 2019; and the comments of Paul J. Kittner, Jr., PE, PP, CME, the Township Engineer for the Township of Maplewood dated August 12, 2019; and the comments of Robert Rowe, Health Officer for the Township of Maplewood; and

WHEREAS, Applicant was represented by Marsha M. Moore, Esq. of Post Polak, P.A. at the hearing; and

WHEREAS, Israel Jiles, owner of Applicant; Jack Inglese, R.A., P.E., of Inglese Architect and Engineering Applicant's professional architect and engineer; and John McDonough, P.P., Applicant's professional planner testified in favor in the Application; and

WHEREAS, no one testified in opposition to the Application; and

WHEREAS, the Planning Board made the following findings of fact and conclusions of law:

1. The Property is located in the Township's R-B (Retail Business Zone).
2. The proposed use of the Property as a restaurant is a permitted use in R-B Zone.
3. The restaurant will be a Japanese restaurant. The owner of Applicant currently operates similar restaurants in Montclair, Jersey City and Summit.
4. All of Applicant's other locations have a walk in refrigerator to store essentials for the restaurant permits efficient operation by allowing the restaurant's to stay open from lunch through dinner.
5. The walk-in refrigerator also decreases the number of deliveries that would be necessary to stock the restaurant.

6. The proposed location for the walk-in refrigerator is the only practical location. Placing the walk-in refrigerator in the interior of the restaurant space would reduce table space and hinder operations as well as being cost prohibitive. Placement in the basement is not feasible because it would require costly excavation of a 100 year old building because of the low height of the basement.

7. Applicant testified that the freezer will have safe guards as recommended by the Township Engineer which will prevent somebody from accidentally locked in by a push-out door. There will be no rear access to the walk-in refrigerator for restaurant customers.

8. The proposed location for the walk-in refrigerator is in the rear yard and requires variances for rear yard set back (15 feet required, 4.25 proposed) and a waiver from 271-35D for distance between a principal building and accessory structure (10 feet required, 4 feet proposed).

9. Applicant would be one of three tenants in the building on the Property. The previous tenant in the space proposed to be rented by Applicant was also a restaurant.

10. Immediately to the rear of the Property is a parking area owned by the Township of Maplewood.

11. There is a drop in elevation between the rear of the Township parking lot and the rear of the subject property of approximately 1 story. There is an existing retaining wall between the 2 properties. Applicant proposes to rebuild that retaining wall as well as existing makeshift wooden stairs which connect the rear of the Property to dumpsters at the rear of an adjoining property with frontage on Maplewood Avenue.

12. The change in grade between the Property and the property to the rear means that the proposed walk-in refrigerator will be, in effect, in a sunken alleyway which will be concealed and confined and will not impede upon any circulation in the area.

13. Noise from the compressor in the walk-in refrigerator will be no louder than a commercial air conditioner of which there are several in the area. An underground electrical conduit will be the only utility required for the walk-in refrigerator.

14. There will be wall mounting lighting, a concrete pad on which walk-in refrigerator will rest and Applicant will be repaving the alley.

15. The walk-in refrigerator will enhance the operational efficiencies of the restaurant business, will be a story below in a sunken alleyway, will not interfere with circulation in the area and will have no negative impacts on the surrounding properties.

16. Based upon the above, the Planning Board found that the requested variances could be granted under the provisions of N.J.S.A. 40:55D-70(c)(2);

17. The Planning Board found the comments of the Township Health Official raise issues which need to be addressed by the owner of the premises as opposed to Applicant and that Applicant should confer and coordinate with the owner of the building to assure that those comments are appropriately addressed; and

WHEREAS, the Planning Board did an open session on August 13, 2019 vote to grant the Application for site plan approval together with the requested variances subject to compliance by the Applicant with certain conditions;.

NOW, THEREFORE, BE IT RESOLVED by the Planning Board of the Township of Maplewood, County of Essex, State of New Jersey, on this 10th day of September, 2019 that this Resolution of Memorialization be and hereby is adopted and that the Application

for site plan approval together with the requested variances be and hereby is granted subject to the following:

1. Applicant shall comply with the plans as submitted and approved by the Planning Board and with all testimony and representations given by it or on its behalf at the hearing of the Application.

2. Applicant shall submit revised plans to the Township's Engineering Consultants, Keller & Kirkpatrick depicting all conditions agreed to and showing the grades, the proposed and details of the proposed wall and the proposed fence on top of the wall. The revised plans should also include sump pump details and details on the rebuilding of the stairs.

3. Applicant shall confer with Keller & Kirkpatrick and provide any additional information on the revised plans required by Keller & Kirkpatrick.

I, Adele Lewis, Secretary of the Maplewood Township Planning Board in the County of Essex and State of New Jersey, do hereby certify that the foregoing is a true and correct copy of a Resolution passed by the Planning Board of the Township of Maplewood on September 10, 2019.
